HOSPITALITY.digital (HD) is a company belonging to the METRO GROUP. We have been founded in 2015 and since then we are actively contributing to the digitalization of the hospitality industry. Our international team is implementing different digital solutions for hotel, restaurants and catering services. We are using a wide range of own products, as well as the ones identified through the Metro Accelerator and other partners. Our solutions are reaching customers from different countries through our own sales channels as well as the channels of Metro /Makro Cash & Carry countries.
